About This Game

You've spent years working your behind off as part of the Doomsday Force, the secret military elite squad that got stuck dealing with every apocalyptic threat. Yeah, it was a thankless job, but you don't care. You've finally retired to your own private tropical island. Population One. Just you and the rum. Life couldn't be more perfect...

Unfortunately, no matter how far you try and distance yourself from disaster, it always seems to find you. When a ship sinks off shore, you discover that not only has a predatory insect race from a parallel dimension invaded your island paradise, but that the entire earth is under threat.

Only you have the skills needed to make these critters bug off. It's swattin' time...

Key Features:

- **Exotic Locations:** From an island paradise, to a ruined city, and even an alien, parallel dimension, you'll fight your way through a series of dynamic environments
- **Different bugs, different tactics:** With the different threats unique to each insect species, choosing a sound strategy is a must if you want to survive
- **Defeat the Hive Mother:** Survive long enough, and you'll get to test your mettle in a boss battle against the mother of

all insects
